**CHAPTER 13 STANDING TRUSTEE’S REPOSE TO  
MOTION TO APPROVE LOAN MODIFICATION**

Now comes, William C. Miller, Chapter 13 standing trustee (“standing trustee”), and files his response to the Motion to Approve Loan Modification (the “Motion”), as follows:

1. The standing trustee takes no position regarding the proposed loan modification or the terms therein.
2. Debtors must file amended Schedules I and J that reflect the resulting change in circumstances. Specifically, if debtors’ monthly mortgage payment is being reduced, it will leave debtors with additional disposable income over the remaining term of the plan.
3. Also, debtors must file an amended plan that reflects the change in circumstances due to the loan modification, including, if appropriate, an increase in the dividend to unsecured creditors.

WHEREFORE, the standing trustee respectfully requests that should the Court allow the Motion, it should also issue an order for such relief as is appropriate, including requiring debtor to file:

- a. Amended Schedules I and J reflecting any increase in monthly disposable income as a result of the loan modification; and
- b. An amended plan reflecting the loan modification.

Respectfully submitted,

/s/ William C. Miller, Esquire
